Abba Technologies, Inc. Overview

Highly Trained, Highly Certified

Abba dedicates significant time towards training our engineers, and holds more than 100 technical and vendor certifications. As our clients' trusted IT advisors, we stay ahead of technological advancements by continuously expanding our industry knowledge. In doing so, we better serve our clients by understanding all possible solutions, then providing the best solution for each client's unique needs.

100% Employee-Owned Company

As an employee-owned company, Abba cultivates a superior level of customer service. According to the National Center for Employee Ownership, a 2000 Rutgers Study stated that employee-owned companies perform better. They can also be a 'Best Place to Work'—an award bestowed upon Abba by the New Mexico Business Weekly.

Longevity and Stability

Abba has grown steadily to become a leading IT solutions provider. In 1993, Abba was certified as a small, disadvantaged SBA 8(a) company. Abba graduated from the program in 2003, and has since grown into a leading IT solutions company in the Southwest. As a company with a low turnover rate and the strongest credit rating available to a company its size, our clients know that we are a reliable business partner—and will be for years to come. In 2007, Abba was recognized by Hispanic Business Magazine as the 135th largest Hispanic-owned company in the United States. In 2013, Abba became a MSP Top 500 company.

Experience

We have experience working at the highest levels of government and business. Experience saves time, which in turn saves our customer's money. Abba Technologies is a strategic business and technology partner to some of the world's most prestigious organizations. US Department of Energy labs, US Department of Defense agencies, regional and national businesses, state and local governments, colleges and universities depend upon our ability to achieve IT goals on time and within budget.
